

The 5th Int'l Conference on Machine Learning, Pattern Recognition and Intelligent Systems (MLPRIS 2023)

<http://www.confjuly.org/conference/MLPRIS2023/>

July 14-16, 2023      Guilin, China

# MLPRIS 2023

The 5th Int'l Conference on Machine Learning, Pattern Recognition and Intelligent Systems (MLPRIS 2023) will be held during July 14-16, 2023 in Guilin, China. The conference will cover issues on Advanced Control

and Detection Technology, Artificial Neural Networks, Audio/Speech Recognition, Music Analysis, Multimedia Systems, Biometrics, Biomedical Pattern Analysis and Information Systems, Data/web Mining and Knowledge Discovery, Human-computer Interaction, etc. It dedicates to creating a stage for exchanging the latest research results and sharing the advanced research methods in related fields.

## CALL FOR PAPERS

Artificial Neural Networks  
Audio/Speech Recognition  
Clustering Techniques  
Data/web Mining  
Document Processing  
Evolutionary Computation  
Human-computer Interaction  
Intelligent and Fuzzy Control  
Intelligent Computing / Soft Computing  
Intelligent Robot Technology  
Knowledge Engineering  
Natural Language Analysis  
Raw Data Representation  
Shape and Texture Analysis  
Image Coding and Processing  
Statistical Machine Learning  
Statistical Pattern Recognition  
Structural and Syntactic Pattern Recognition  
Web Intelligence and Technology  
Other Related Topics

### Venue

Located in the northeast of Guangxi Zhuang Autonomous Region in south China, Guilin is considered to be the pearl of China's thriving tourist industry on account of the natural beauty and historic treasures. Covering an area of about 27,800 square kilometers (10,734 square miles), the city is rather compact when compared with other major tourist cities in the country. The stunning landscape in which the city is situated has a kind of magic that is all its own.
